6 JUL 1962

**MEMORANDUM FOR: Special Planning Assistant to the  
Deputy Director (Support)**

**SUBJECT: Proposed HQ Notice 1-\_\_\_\_, Deputy  
Director (Research)**

25X1 This is in response to Mr. Kirkpatrick's note of 3 July and my conversation with [ ] this morning. In view of the time limits imposed, we have not attempted to dig into the background of the problem. With that caveat, the following comments are submitted for consideration:

(a) The terms in which the mission of the DD/R is stated, being rather precise, may invite difficulties. Why limit research "to the necessary"? What are "advanced operations"? Would not a broad, general charter imposing on the DD/R the responsibility of engaging in all research activities of the Agency, with stated exceptions, be a more flexible and meaningful document.

(b) I presume the second and third sentences of the first paragraph are intended to draw the line between the responsibility of the DD/R and that of the DD/P, that is, at a certain stage a given operation would transfer from the DD/R to the DD/P. Under the language of the two sentences, certain operations might fall in the responsibility of neither. For example, if an operation is neither strictly scientific, nor strictly in support of human operations, it would be in this no man's land. Also, if the operation were of both types, it might fall under neither Deputy Director, or under both.

(c) Two effective dates are made in paragraph 2 and 3 which precede the date the Notice will actually appear. This could invite trouble, legal and otherwise.

For example, what is the effect of any travel authorization or leave approval or any other command action involving ELINT personnel taken by the DD/I after 1 July 1962, but prior to the date the Notice appears. If the Notice is intended only to publicize decisions already taken by other documents, the language could be modified accordingly. The first sentence of paragraph 3, for example, could read:

**"The Development Projects Division (DPD) of the Deputy Director (Plans) was disestablished effective 29 June."**

If the purpose is to actually accomplish this disestablishment, recommend effective dates which do not precede the effective date of the Notice.

(d) It appears that the intention in paragraph 3 (sentences two and three) is to draw the line between those aspects of DPD which are transferred to the DD/R and those which remain with the DD/P. Again, a possible gap is created. Would it not be better to restate those two sentences substantially as follows:

**"The Office of Special Activities (OSA) is hereby established within the office of the Deputy Director (Research). All activities, support staffs and personnel of DPD are transferred to OSA, except the DPD functions and staff elements associated with the [ ] of OPB. The latter remain assigned within the DD/P."**

(e) The authority of the DD/R to establish a scientific and technical career service appears somewhat inconsistent with the policy established for the Career Service in general. [ ] establishes various services and prescribes procedures and responsibilities in connection, rather than authorize a Deputy Director or other official to do so.

25X1

Perhaps a more coherent pattern would result if paragraph 5 of the proposed Notice were omitted and an appropriate amendment made to

**Assistant General Counsel**

cc: Executive Director
